

UNIPORN is the brainchild of Ukrainian guitarist and singer Olga Love.

Formed 2023 in Miss Loves' basement in Cologne, Germany UNIPORN has already made their name as a passionate and dedicated band which is always ready to rock!

Backed by wonderboy guitar player Marius Magma, exceptional drummer Wendelix (ex Yeti Girls) and Irishman Glen 'Boom Bang' (ex Dumbell) on the bass, Miss Loves' songs got the sound they needed. A mix of Glam Punk, Grunge and Dirty Rock 'n' Roll, once heard, you won't get these songs out of your head. Their explosive performance will make you wanna dance, drink and sing along, 'cause UNIPORN gives you the horn!

Their debut EP „Coming hard“ produced by Kurt Ebelhäuser (Donots, Guano Apes, Blackmail) is out and available on all the music platforms, so buckle up and get ready for the ride! Come to the show and party hard. Fun, fuck, hell yeah!!!
